buprenorphine long acting	Updated Reconstitution & Stability section
cefTRIAxone	Updated Dosage section
cotrimoxazole	Updated Reconstitution & Stability, Compatibility, Preparation & Administration, Dosage, and Important Implications sections
dalteparin	Updated Reconstitution & Stability, Preparation & Administration, and Dosage sections
DOPamine	Updated Reconstitution & Stability, and Compatibility sections
epoprostenol	Updated Important Implications section
ertapenem	Updated Preparation & Administration section
flupentixol long acting	Updated Preparation & Administration section
fomepizole	Updated Reconstitution & Stability, Compatibility, Preparation & Administration, and Important Implications sections
haloperidol	Updated Reconstitution & Stability, Compatibility, and Important Implications sections

## Lower Mainland Pharmacy Services

Document	Summary of changes
haloperidol long acting	Updated Reconstitution & Stability, and Preparation & Administration sections
human papillomavirus vaccine	Updated Reconstitution & Stability section
inFLIXimab	Updated BRAND names and Preparation & Administration section
influenza virus vaccine	Updated BRAND names, Reconstitution & Stability, and Dosage sections
isoproterenol	Updated Preparation & Administration section
ketamine	Updated Preparation & Administration section
leucovorin	Updated Reconstitution & Stability, and Compatibility sections
magnesium sulfate	Updated Reconstitution & Stability, and Preparation & Administration sections
meropenem	Updated Dosage section
milrinone	Updated Reconstitution & Stability, Compatibility, Preparation & Administration, and Dosage sections
nelarabine	New monograph
OLANZapine	Updated Indications, Reconstitution & Stability, Dosage, Potential Hazards of Parenteral Administration, and Important Implications sections
oxaliplatin	Updated Warnings, Reconstitution & Stability, Compatibility, and Potential Hazards of Parenteral Administration sections
PACLitaxel	Updated Warnings, Reconstitution & Stability, Compatibility, and Potential Hazards of Parenteral Administration sections
piperacillin-tazobactam	Updated Compatibility section
pneumococcal conjugate vaccine (13-valent)	Archived
pneumococcal conjugate vaccine (20-valent)	New monograph
pneumococcal polysaccharide vaccine (23-valent)	Archived
POTASSIUM phosphate	Updated Reconstitution & Stability, Compatibility, and Preparation & Administration sections

**Lower Mainland Pharmacy Services**

Document	Summary of changes
rabies immune globulin	Updated Reconstitution & Stability, and Preparation & Administration sections
rabies vaccine, inactivated	Updated Reconstitution & Stability, and Important Implications sections
ROPivacaine	Updated Preparation & Administration section
sodium bicarbonate	Updated Reconstitution & Stability, and Compatibility sections
SODIUM phosphate	Updated Compatibility, Preparation & Administration, Dosage, and Potential Hazards of Parenteral Administration sections
Td ADSORBED	Updated Reconstitution & Stability section
teclistamab	New monograph
tocilizumab	Updated Indications, Reconstitution & Stability, BRAND Names, Preparation & Administration, and Compatibility sections
tranexamic acid	Updated Indications, Reconstitution & Stability, Compatibility, Preparation & Administration, and Dosage sections
treosulfan	New monograph
triamcinolone acetonide	Updated Reconstitution & Stability section
triamcinolone hexacetonide	Archived
tuberculin skin test	Updated Reconstitution & Stability section
vedolizumab	New monograph
verteporfin	Updated Indications, Reconstitution & Stability, Compatibility, and Important Implications section
zuclopenthixol acetate	Updated Reconstitution & Stability and Important Implications sections
